Curriculum Vitae of Thabiso Jwara

Professional Summary

I am a qualified professional with a strong educational background and diverse skill set. I hold a BSc in Mathematical Sciences with specialization in Applied Mathematics and Mathematics from the University of Johannesburg. I have continually pursued learning and growth opportunities and my recent achievements include completing online courses in Front-End Development, Python and C# Programming through Coursera.

My skills span various domains, including Graphic Design, UI/UX Design, Web Development and Cloud Computing. Proficiency in Business Analytics and Data Visualization underscores my analytical prowess.

Working as a Freelance Graphic Designer and Front-End Developer, reflects my practical expertise. Within these roles, I excelled in tasks such as Logo Design, Web Design and Web Development. My pursuit of online studies reflects my commitment to continuous improvement and professional development.

My blend of academic accomplishments, technical skills, and practical experience positions me as a dynamic professional poised to contribute effectively to any team or organization. My strong communication, problem-solving abilities, and decision-making skills further enhance my value as a potential asset.
